# THE BASIC ELEMENTS OF ADVENTURE IN THEIR MOST ADVANCED FORM

What is happening in CHORR? Chaos sweeps across the land, smothering towns, smothering its peace-loving citizens. Respected and powerful community leaders are vanishing, mysteriously. The land order is quickly being replaced by chaos and victory and names of doom and death abound. What can you do?

Embark on a glorious journey to save the world of CHORR and yourself. Hundreds of quests matched to your personal proficiency will test your ingenuity. Over 200 interactive monsters will unleash your might in an advanced combat system, while 60 spells, more than 200 weapons and items, five new character classes, blessings, and 15 secondary skills will aid your cause.

Where will your travels take you? Expect to get clean and dirty while you explore glib forests, and deserts, frosty tundras, wild rivers and mysterious lakes, treacherous mountains, confusing forests and damp, dank caves. And after all that you might even have to enter one, twice, or all of the four deepest dimensional planes. Could this seem to enough? Probably not, for just as you have mastered modern CHORR, you will have to travel through the very fabric of time itself to right ancient wrongs. Did you don't have to worry about mapping all of these. While you enjoy our intricately detailed 3-D color windows, our new auto-mapping feature remembers every square you have ever cleared, informs and outlines, names all contacts.
